Cds Army and corps troops of the XXVIII Cds Mtz Rifle Corps:

14/15 October. Elements of the 67th Gds Mecz Regt, the 36th Tank Regt, major elements of the 38th AT Brig, elements of the 308th Arty Brig and the tank training battalion left the posts

13 to 18 October. The bulk of the elements of the 20th Gds Mecz Div stationed in Jena was absent from the post.

19 October. Elements of the 67th Gds Mecz Regt and the 36th Tank Regt returned to Zeitz.

21 October. Elements of the 66th Gds Mecz Regt and the 58th Gds Hvy Tank SP Regt were entrained in the Ohrdruf area.

21/22 October. Elements of the 308th Arty Brig and the tank training battalion returned to Gera. A shipment of the 308th Arty Brig passed through Jena on 20 October and another shipment was seen passing through Erfurt.

25X1

These observations quite definitely indicate that the final exercise of the 20th Gds Mecz Div reinforced by army and corps troops was conducted between about 15 to 18 October, presumably in the Ohrdruf area. The elements of the division stationed in Weimar did not participate in this exercise since the Weimar installations were occupied to capacity at that time.

2. [ ] Comment.

25X1

[ ] elements of the 66th Gds Mecz Regt of the 20th Gds Mecz Div returned to the Jena post from the Ohrdruf training area. The information is questionable since the bulk of the elements of the 20th Gds Mecz Div stationed in Jena undoubtedly returned to their post after 15 October. See Field Comment 1.

25X1

3. [ ] Comment. The observations in Saalfeld and Rudolstadt indicate that the corps troops stationed there, the 316th Gds RL Regt, the 497th AAA Regt and the engineer and signal units returned to the posts from the training grounds between 13 and 15 October.
